Embroidery

Embroidery decoration should be performed using proper equipment suited for the fabric. Stabilizing techniques, correct hoops, backing, needles, and sewing threads are essential to prevent damage to the garment. Customers are advised to consult with their decorator or supplier to confirm compatibility and test decorations prior to production.

Heat Transfer

Heat transfer applications may require specialized adhesives, especially on waterproof fabrics, to ensure durability and adherence. Always consult with a professional decorator to confirm compatibility and maximum logo dimensions for each product. Customers are advised to consult with their decorator or supplier to confirm compatibility and test decorations prior to production.
